Test Name	In Range	Out of Range	Reference Range	Cut Off Value
PolypDX™ Urine				
SMOKER	Non Smoker			
<b>RESULT</b>	NEGATIVE		NEGATIVE	

Patient is less likely to have an adenomatous polyp. Symptomatic patients may still require further investigations. Clinical correlation is required.

\*PolypDX™ test by Metabolomic Technologies, INC is based on a statistical model developed from a human clinical trial. These results place the patient results within the range of other samples studied. These results are not intended to replace the care of a medical practitioner. Atlantic Diagnostics Laboratories and Metabolomic Technologies Inc. shall not be liable to you or anyone else for loss or injury caused in whole or part by procuring, compiling, interpreting, delivering, or reporting this test.
